TARGA BY SHEAFFER™ METALS AND MATTES COLLECTION KEY FEATURES

- The sumptuous finishes of Targa fountain pens, roller balls, ballpoints, and 0.5mm pencils are the result of skill and care by Sheaffer's craftsmen. Two innovative finishes, copper and gunmetal, are new to the collection.
- The superior process of electroplating permits Sheaffer to use 23k gold for glittering accents, such as the striking clip which is engineered for strength.
- The 14k gold or stainless steel inlaid nib of the Targa fountain pen enhances its beauty and performance.
- For personal use or gift-giving, Targa ballpoints and pencils may be purchased as sets or separately.
- Like all Sheaffer writing instruments, Targa fountain pens, roller balls, ballpoints, and pencils are refillable for continued writing enjoyment.

▲ Each writing instrument is presented in Sheaffer's rich red jeweller's box along with a Use and Care Guide and the Sheaffer Lifetime Warranty.
